AGUSTINA GARCÍA

FRONT-END DEVELOPER STUDENT

ALL ABOUT ME

I am a front-end development student with a strong eye for innovative design dedicated to continuous improvement and a strong willingness to learn. My ability to work in teams and adapt to changes drives me to constantly seek opportunities to develop my potential.

/>

EDUCATION HISTORY

Jóvenes A Programar - Plan Ceibal
Web Development | March 2023 - March 2024

- Mastered coding essentials: HTML, CSS, JavaScript. Collaborated with peers to build an e-commerce project, dividing our work into two-week sprints. This teamwork helped me to improve my problem-solving skills and deliver a polished, functional product.

Faculty of Science - UDELAR
Astronomy | 2020 - Present

- Applied MATLAB for astronomical data analysis and developed basic programs for astronomy-related projects.

WORK EXPERIENCE

Kitchen Assistant
El Patrón I | July 2019 - March 2020

- Contributed to the effective preparation and presentation of meals in a busy restaurant environment, collaborating with a team to ensure adherence to rigorous hygiene and quality standards.
